

SLIDE GUARD

SlideGUARD® locks for home and apartment use. Secure patio doors and windows; pickup truck and RV windows; or cases and cabinets with sliding doors. **SlideGUARD®** easy to use and install. **NO TOOLS REQUIRED!** They install in seconds without any tools and are ready to use in one minute. **SlideGUARD®** bonds directly to glass, metal or plexiglass with a special adhesive. Models are available with keys or twist turns.

PATIO GUARD

A unique lock that can be used as a deadbolt, hooklatch and a swinging door lock. **PatioGUARD™** is automatically left and right handed, so the cylinder always lies in the correct position. This lock can replace broken sliding door locks or be installed on sliders that do not have a keyed lock.

w/4 pin cylinder

w/o cylinder

Now with an outside handle, keyable to customers' front door! Same smooth action lock, left or right hand all in one. Fits thick doors
