

CASH PROTECTION SYSTEMS

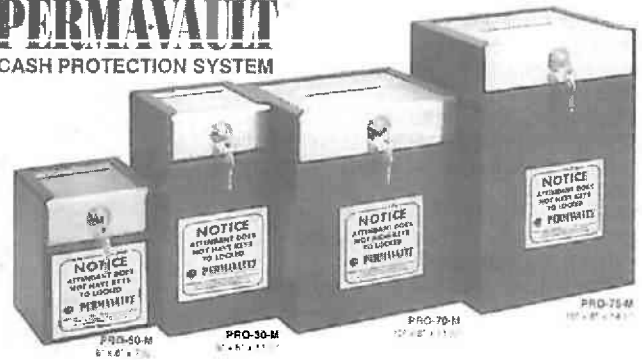

An affordable, safe and convenient depository for interim storage of cash and checks. Provides Perma-Vault's exclusive anti-fish baffle. Limits exposed cash to the opening bank and helps to prevent external loss, internal loss, cash variance and register stripping.

Features —

- Patented interchangeable slide-off top can be rotated from vault to vault for additional security at no extra cost.
- Cash slot for easy insertion of cash and checks without unlocking.
- No mechanical, electrical or hinged components to wear out or break down.
- Heavy gauge steel construction.
- Unique design permits bolting and mounting to any structurally sound surface.
- Anti-fish baffle deters removal of contents.
- Baked enamel finish.
